## Community Testing Site Information

Community testing is still widely available in Lucas County. Testing is **most appropriate** for community members experiencing symptoms of COVID-19. The **main symptoms** of COVID-19 infection include: a fever of 100.4°F (38°C) or greater, cough, shortness of breath, and difficulty breathing. Other reported symptoms have included chills, muscle aches, headache, sore throat and new loss of taste or smell. Community members may call the Lucas County Community COVID-19 Call Lines at 419-251-4000 (English only) and 419-291-5355 (multilingual) to answer questions and provide additional support M-F, 7am-7pm.
